Software: Procore, Primavera P6, Bluebeam Revu, AutoCAD, Revit, Autodesk Construction Cloud, Microsoft Project, Excel, Microsoft Office Suite, SolidWorks, SketchUp

PROFESSIONAL EXPERIENCE

Project Coordinator — KSZ Group Inc.

Jan 2026 – Present

New Hyde Park, NY · Facade Restoration, Roofing Remediation, Interior Renovation

- Coordinate facade restoration, roofing remediation, and interior renovation projects across residential and commercial buildings, supporting project managers with schedule and cost control.
- Prepare quantity takeoffs, cost estimates, and bid proposals using Bluebeam Revu, Autodesk Construction Cloud, and Excel templates.
- Track schedules, procurement, and submittal reviews with architects, subcontractors, and vendors; manage RFIs, contracts, change orders, and purchase orders in organized, compliance-ready records.
- Support site logistics planning, safety documentation, and progress tracking.

Instructional Assistant — University of North Texas

Jan 2025 – May 2025

Denton, TX · Construction Management Program

- Supported lectures on Occupational Safety and Liability (OSHA regulations), Construction Methods and Materials, construction safety, and environmental compliance; managed logistics and materials for a class of 70+ students.
- Evaluated assignments and exams for 30+ students; developed ABET-aligned rubrics and review materials and held weekly office hours.

Project Engineer — Raghava Constructions India Pvt. Ltd.

Sep 2022 – Mar 2023

Hyderabad, India · Road and Infrastructure Works

- Reviewed construction drawings, bills of quantities (BOQs), and specifications to support estimating and procurement planning.
- Maintained 50+ project documents including RFIs and contracts for road works valued at approximately \$360K USD; coordinated asphalt and concrete deliveries, reducing delays by 5%.
- Conducted site inspections and monitored compliance with municipal codes, environmental regulations, and safety requirements.

PROJECTS

Tiny House on Wheels (THOW) — University of North Texas

- Directed budgeting, scheduling, and risk analysis for a \$165K sustainable mobile home project using earned value management (EVM), holding cost performance within 2% of budget; built schedules in Primavera P6 and Procore and delivered stakeholder dashboards that improved communication by 30%.
- Ensured compliance with green building codes and led weekly design reviews.

G+3 Villa Design — Guru Nanak Institute of Technology

- Produced architectural and structural drawings for a multi-story residence using AutoCAD and Revit, generating 3D models checked for accuracy against regional codes.
- Performed load calculations and selected structural members in accordance with IS codes for reinforced concrete design.
